

METAL HOSE HOLDER

Hose not included.

Review all information before using this product. Save this manual for future reference.

| No. | PARTS | QTY. |
|-----|------------|------|
| A | Hose Pot | 1 |
| B | Inner Tube | 1 |

ASSEMBLY

1. Place hose pot on flat level surface in the desired location.
2. Place Inner Tube (A) into the center of Hose Pot (B).

GENERAL USE

Avoid storing hoses full of water. Ensure the lid is secure between uses. Removable inner tube helps guide the hose into the pot.

MOVING

Always lift the unit when moving it; never drag or slide it as doing so will damage the finish and cause the unit to rust. Slowly and gently set the unit down to prevent breakage.

CLEANING

Wipe surfaces with a dry, soft cloth. Do not use chemicals, polish or abrasive materials when cleaning this product.

WINTER CARE & STORAGE

Avoid extreme temperatures and storing indoors during periods of freezing weather is recommended. To prevent damage, empty and/or store indoors during freezing temperatures.

Any modification to the product or failure to follow recommended care will void the product warranty.

If you experience issues with assembly or the product was damaged during transit, please contact our customer service team through one of the methods mentioned at the top of page 1. Please have the item number and order information ready to expedite response time.

WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
